Experience

General Assembly Boston, MA
Web Development Immersive Sept 2018 - Dec 2018

12 week, 500+ hour web development bootcamp combining class and project-based learning. Developed invaluable skills such as adapting a growth mindset towards learning; reading, writing, and interpreting documentation; agile development. Completed four projects:

- PFDb: A personal film diary single-page, full-stack application allowing users to add, update, delete, and show films they've watched, displaying knowledge of Ruby / Ruby on Rails, PostgreSQL, JavaScript, jQuery, AJAX, HTML5, CSS3
- Tic-Tac-Toe: a simple front-end, single page application Tic-Tac-Toe game displaying knowledge of HTML5, JavaScript, jQuery, AJAX, CSS3, SASS, SCSS, and Bootstrap
- Other projects TBD.

Andrew Associates Enfield, CT
IT Manager Sept 2016 - Aug 2018

IT manager and infrastructure administrator for Andrew Associates, a direct mail marketing company based in Enfield, CT. Reported directly to CEO and CFO. Responsibilities included:

- IT help desk for a 60-seat, 30-user environment, including a mixture of Windows PCs and Apple Macs
- Server administration and monitoring for Windows Server 2008 R2, Mac OS Server, and Citrix XenServer, including Microsoft Exchange 2010
- Network engineering and security including SonicWALL firewalls and Cisco switches
- Business integrity, continuity, and disaster recovery planning
